

TAT-3

Kamal is a hardworking and disciplined student of F.Sc. From early boyhood, he had dreamed to join Pak Army. Getting high inspiration of a brave soldier from his father, he was determined to find his dream. Securing high in F.Sc., he started preparing for Commissioning and especially focused to groom himself as a brave soldier. He put his best in this regard and met many people including his successful friends. His father also guided him so well that Kamal had complete assurance of his success. Finally, he went for ISSB and came back with success. All were very happy and thanked to Allah. At this achievement, Kamal promised himself to defend the motherland at any cost.

TAT-8

Dr. Aslam was famous for his abilities and knowledge in bio-tech field. He was among high researchers in WHO list. Break out of Corona virus at China made whole world alert and so Dr. Aslam assigned from UNO to find treatment of the virus. Dr. Aslam talked to his Co-researcher Dr. Aneela to join with him in research. Dr. Aneela promptly agreed and they started work on it as a brief team. Dr. Aslam lead the team and it took two months to finally discover the treatment of Corona virus (COVID). UNO acknowledged Dr. Aslam's Services towards humanity and made him ambassador of WHO.

TAT-7

Saleem was a hardworking and able doctor at PIMS Islamabad. So authorities tasked him to research on pandemic corona virus as it broke out globally. Mr. AKmal who was studying at China Weihang university on scholarship came back Pakistan for the same reason. He was admitted to PIMS corona isolation ward and his parents were worried about his health. Dr. Saleem took the case as challenge and after hectic efforts was able to recover his health. At this he gave recommendations to health ministry to avoid and lessen the chance of the virus attack. Mr. AKmal Parents especially and people also thanked Dr. Saleem for instructed Public rightly at the right time.
